

Sharing and Learning Yoga presents:

Dimensions of Yoga: Bhakti Yoga through the lens of the Bhagavad Gita

Bhakti Yoga is often misunderstood

It is said to be about devotion to God. This immediately creates a barrier to many.

If we put this aside, and consider Bhakti Yoga as a process of linking with the positive aspects of human potential, the journey becomes one that is accessible to all.

Bhakti Yoga is a realignment of the personality. Through yoga sadhana (practice), we become open to the journey of transforming from darkness to light, from ignorance to understanding. We begin this journey and develop insight and understanding as we go along.

Ultimately practice becomes experience. The divine comes to meet us and support us on our journey.

Course overview

This course explores chapter 7 to 12 of the Bhagavad Gita delving deep into and cultivating a relationship with the Divine. It explores Bhakti Yoga as a tradition, as yoga sadhana, and as a process of transformation. Through an immersive daily practice each verse of the six chapters is systematically, and incrementally, explored and reflected upon.

Some prior knowledge of yoga and Bhagavad Gita would be helpful but this is designed as a standalone program.

Time will be spent learning to understand the nine modes of Bhakti Yoga sadhana.

The one who hates no creature, who is friendly and compassionate to all, who is free from attachment and egoism, balanced in pleasure and pain, and forgiving, ever content, steady in meditation, possessed of firm conviction, self-controlled, with mind and intellect dedicated to Me, this person is dear to Me.

Our vision, our values

Yoga Sadhana, Yoga tradition

The vision of Sharing and Learning Yoga is to make available the living yoga of the Satyananda tradition in a way that empowers the practitioner to develop their own sadhana (personal practice and lifestyle).

Our goal is to provide participants with yoga tools and strategies that enable them to better manage life's opportunities and challenges, stand on their own two feet, and lead fulfilled and resilient lives.

Our belief is that true Yogic insight emerges through integration of the personal practice of yoga in one's daily life. Personal understanding of the essence of yoga develops through this immersive journey.

We encourage openness to learning, self-reflective curiosity, and taking personal responsibility.

With the flowering of these skills, we encourage the development of a less self-orientated approach to life and a concern to relieve the suffering of others.

Mutual respect is central to the Sharing and Learning Yoga approach.
